

Trash and Recycling Collection Changes – February 9, 2010

If the weather continues to deteriorate, Whaley Waste may not be able to collect County trash customers on Tuesday, February 9th. County customers not collected on Tuesday, will be collected Thursday, February 11th. Whaley Waste continues to struggle with recycling collection in Ottumwa. Please leave your recycling bin out for collection and if Whaley's doesn't pick it up on your regular collection day, they will get it the following day.

When the weather begins to get adverse please check GO-TV Cable Channel 6 or the city's website at www.cityofottumwa.org or the city of Ottumwa's Facebook page where you'll find updates on residential trash and recycling collection changes. Holidays can change the collection schedule as well so check these sources before a major or national holiday.
